Winterize Your Pump Investment

Winterization of a CDS-John Blue Piston Pump will help to keep it in peak performance for several years to come. Find out how? Learn more on our short YouTube video on our web site at: www.cds-johnblue.com.

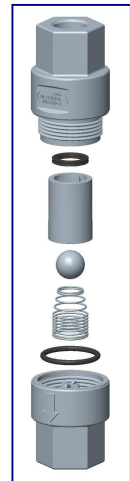

New Updated Check Valve and VisaGage II Pricing

Have you heard? The best **repairable** delivery line **Check Valves** on the market today are now even more competitively priced. The newly introduced CDS-John Blue Check Valves are precision molded in glass-reinforced polypropylene with 316 stainless steel ball,

spring and **all Viton seals**. Our high flow rates and easy to repair in the field check valves can lower operating back pressure for increased reliability and performance. Available in 1, 3 and 10 psi models and with the end connections you need today.
